

DANIELSON AND PUTNAM NEWS

DANIELSON

Judge W. Fenner Woodward, president of the State Firemen's association, has been invited to be guest of the town to the bi-centennial observance of Litchfield, August 1-4.

Hudson 7-pa. tender car for public service use, trials as wanted locally, long distance or short. Percy Green. Tel. 226-5 or 321.—adv.

Rev. H. N. Brown, formerly of Danielson, is secretary of the Douglas Camp Keeling association, chairman of the annual series of meetings July 16-18.

There was a general closing of stores here Thursday at noon for a half-holiday, which will be the rule on Thursday during this month and August.

L. A. Bradford and a party of friends motored to Safe Park, Windsor, for the closing day of the race meet Thursday.

Mrs. L. E. Kennedy, chairman of the executive committee that produced the Magic Ship under the auspices of St. James parish, announced that the net proceeds were \$114.15.

Farmers all through this section are following the sage remark, "make hay while the sun shines."

Some of the French Air kiddies who are here from New York are taking more kindly to the country than are others. One very superior young miss is disappointed because she doesn't get chicken salads and ices each day and because there is no "hot air" at the farmhouse where she is staying. And she is in a most excellent home, too. Evidently this young lady was intended for Bar Harbor or Atlantic City. She lives on New York's East Side.

Mr. and Mrs. Clara N. Turner were entertaining of the recent experience with an earthquake in Los Angeles, wonder city of the Pacific coast. Mr. and Mrs. Turner indicate they do not like a disturbance that rocks one's house and levels the lot a neighbor. And as to that much advertised California sunshine, the letters indicate that, so far as their experience goes, it is very much of a myth. Evidently good weather would land, even with its charmingly variable climate, isn't it, passed by with scorn when one seeks a regular place to live in. At least it doesn't get nervous and tremble like a mass of jelly, as California occasionally does. New England's roots are down to bedrock.

It's more than an even bet that an offer of Agent Robert W. Boye, if it were made, to bring the splendid Goodyear bands down to Danielson for a concert at Davis park, some evening, would be unanimously accepted with joy by the residents of the borough. The item is written with full knowledge of the risk that someone may call Mr. Boye's attention to it and that the thoroughgoing one evening of genuine entertainment out in the open at one of the prettiest parks in the eastern part of the state.

Vacation plans for a great many people in Danielson and other places in this vicinity have been upset by the closing of manufacturing plants, forcing vacations at an unexpected time. The vacationers are being thoroughly enjoyed, however, by many workers who have been industriously engaged since the beginning of the world war.

Next Monday is set as the date for the stockholders meeting here of the Quinebaug company, operating on the West Side. Business of special importance pertaining to the charter is to be transacted at this meeting.

Counsel for the town have just forwarded briefs to Judge George E. Hinman of the superior court in the case of the town of Killingly vs. Miss Gertrude Arnold. As time will be required to review these briefs no decision on the matters discussed in them is expected for some time.

Scarcity of labor is given by William S. Brown, of the Shepherd hill farm at Central Village, as his reason for planning to abandon this fall his big agricultural enterprise. While it is expected the few, care to work on the farm, it also appears that there is plenty of labor available here, as indicated by the fact that at least 150 persons have applied for places at this week at the main street plant of the Connecticut Mills company, where re-modeling operations are under way.

Benjamin Weisberg, who is engaged in business in New York and who has been successful in spending a few days with his parents, Mr. and Mrs. A. Weisberg of Academy street.

A river owned by Martin Straus, who has been employed at the Connecticut mills for several weeks, but whose residence is in New York, is expected to be transacted at this meeting.

Benoni Bates. They started for home Tuesday morning, motoring as far as Hop River when Mrs. Bates' car broke. Assistance was procured to tow the disabled car back to Williamstown and Mr. Saunders proceeded on his way by train. Mrs. Bates with the children returned to her father's.

Guests at Miss Neale's are Miss Keener, Mrs. Mackey, Mrs. Tucker and Mrs. Jackson of Brooklyn, N. Y.

Harold Leffingwell of Hartford, Adalbert Foster of New London and Phil Hopkins of Williamstown were among those who spent the Fourth at their homes in town.

Miss Sarah Johnson and Mrs. Hasey Kelley spent the holiday at Bar Harbor.

Miss D. Frances Campbell has gone to Salem, Mass., for the remainder of the month.

EAST THOMPSON

Several from here attended Chautauque both in Putnam and Webster.

Mrs. Frances Barrett Chamberlain of Abington, Mass., with her son Herbert of Boston, called on relatives here. Mrs. Chamberlain was a former local resident.

District Superintendent W. H. Bath of Norwich will preach at the M. E. church Sunday evening, July 11, at 7 o'clock.

Rev. and Mrs. J. R. Miller are entertaining their nephew, Harry Buell, of Peterham, Mass.

Rinaldo Hoyle, who spent last week at his home here, left Sunday night for Alabama, where he will be employed for several months.

About 25 neighbors and friends met with Mrs. Lydia Foster Tuesday night to celebrate her birthday. The enjoyable party was planned by Mr. and Mrs. George Lockwood and was a complete surprise.

Mr. and Mrs. Miller visited in Peterham, Mass., last week Tuesday and Wednesday with Mrs. Miller's mother, Abbie Buell, and her brother Charles and his family. Mrs. Buell passed her 50th birthday June 31st.

The strawberry supper served by the King's Daughters in their hall Saturday night was well attended. Although it was a stormy day, the weather cleared in time for the people to come.

The Fourth passed quietly save for a few young people who with toy pistols, caps and firecrackers were reminders of the day. There were two auto accidents but no one injured.

Mr. Kempton and family of Putnam were just entering Douglas road on their way to spend the Fourth with relatives in Milbury when the car skidded and striking a stone smashed the front wheel; another wheel was secured at the parsonage and they went on their way. The other party, comprising two couples from Worcester, was unable to make the sharp turn at Stevens corner, the car crossed the road opposite, jumped the wall, landing in the field. The car was badly damaged.

PUTNAM

Mrs. A. W. Macdonald of Oak Hill, left Putnam Thursday morning for Mount Vernon, N. Y., where she will be the guest of her daughter, Mrs. William H. Holmes, and Dr. Holmes.

Mrs. Maurice Fuller left Putnam on Thursday for New Mexico. Mr. Fuller is planning to join her later in the summer.

Putnam clerks had no fault to find with the weather Thursday afternoon which is their holiday during the summer months. Many took advantage of the beautiful day to go to Roseland Park, Woodstock. There were many golfers on the links of the Putnam Country club.

Oil has been received in Putnam, and Thursday morning city employees were engaged in applying it to South Main street from Grove street to Front. This road was rebuilt a few weeks ago and at that time was dressed with dirt. No oil was then available and as a result the dressing was rapidly wearing away. The application of the oil on Thursday remedies this condition, and the street is now in excellent condition.

Stella Gordley of Middle street, Putnam, appeared before Judge Mahlon H. Geisler in the Putnam city court this morning to answer to the charge of having an unlicensed dog in her possession. Dog Warden Nelson Clair testified that he had several times told Mrs. Gordley that she was violating the law in not having a license for her dog. The defendant told the court that last October she obtained a license and attached the metal plate to the dog's collar. Later the collar was lost, tag and all. She further stated that she thought the license was out of her pocket and was gone until she saw the dog's tag on the collar. Judge Geisler found the defendant guilty and imposed a fine of one dollar, and costs amounting to \$1.20. This was paid.

Commander Edward F. Perry, of Annapolis, Maryland, post of the American Legion, Putnam, said Thursday that the post has received no information for its members as yet concerning the Victory medals which have been issued by the United States government to all soldiers of which every ex-soldier who served honorably between April 6, 1917 and Nov. 11, 1918, is entitled. This fact probably has been overlooked by some of the Putnam ex-soldiers who are applying for the medals only a very few of which have been received here. Men who served overseas, though they in addition are awarded distinctive battle and service clasps. To get these medals all that it is necessary for Putnam soldiers to do is to apply to the nearest army recruiting office and present their service papers. It is also possible to send the discharge or a certified copy of it, by mail to the nearest recruiting office, and the medal will be sent by mail.

Members of the Civil League have been invited to attend the meeting of the Woodstock Equal Franchise League to be held Monday afternoon, July 12, at the home of Miss Ina Richards on Woodstock Hill. Frederick W. Hinrichs is to speak on Civic Responsibility.

Rev. Remond of the People's store is spending a week's vacation at Sound View.

Mr. and Mrs. Henry Quinn and family of Richmond street, have moved to Providence.

Francis Mayo of North Grovesville is at the Day Kimball hospital where he recently underwent an operation. He sustained internal injuries. His condition is serious.

Mrs. O. C. Bosworth and daughters are passing the summer at Manomet, Mass.

A delegation from the Young People's society of the Williamstown Baptist church is to conduct the service at the Putnam Baptist church Sunday evening.

At the Putnam Methodist church on Sunday evening at 7 o'clock a vesper service is to be held in the church. The program will include special numbers by the choir, organ numbers, and the singing of familiar hymns.

Mrs. Nelson, from Point of Pines, Lynn, Mass., is visiting her daughter, street.

Rev. and Mrs. John White Walker of Philadelphia, Pa., are in Putnam the first of the week for a visit with Mr. Walker's parents, Dr. and Mrs. Frederick A. Morrill, of South Main street.

Rev. and Mrs. Boynton Merrill have been guests for a few days of Mrs. J. B. Bates of Pleasant View.

Miss Edith Oulter, teacher at the East Putnam school, will be Miss Edith Oulter, who has just been elected teacher of the overflow grade at the Israel Putnam school, are attending the state summer normal school session at Yale.

Mr. and Mrs. George W. Guard of New Bedford have been spending a few days in Putnam. Today (Friday) they will return to their home taking with them the son who has been here for several weeks with relatives.

Rev. J. L. Roney of Schenectady, N. Y., is to officiate at the services at St. Philip's Episcopal church Sunday.

Mrs. Beulah Lewis, of Worcester, whose husband formerly lived in Putnam where he was in the employ of the late Michael Joy, last week gave birth to male quadruplets, three of whom are living. Mrs. Lewis is 28 and has a few months younger; in the six years they have been married thirteen children have been born to them, arriving in the following order: Two sets of twins, triplets, and now the quadruplets. This last is exceptional, for while twins occur in one out of 87 births, triplets once out of 1103 births, medical statistics show quadruplets are found only in 17,000 births.

YELLOWSTONE BUFFALO ARE ON THE INCREASE

Yellowstone Park, Wyo., July 8.—Convincing evidence that the wild buffalo of Yellowstone National Park, the last surviving remnant of the great herds which once roamed the western plains, are on the increase, instead of dying out as was feared, has been obtained in the discovery of a new group in the southeast corner of the park.

portion of the park. About 15 animals were observed, evidently a part of the old herd, which it is thought grew so large that some of its members were forced to break away and seek new pasturage.

Definite information has been obtained by park authorities that there are now more than 100 of the wild buffalo in the park. Normally there were only about half that number.

When discovered, the new herd was within five miles of the largest hotels in the park and a snaphop was obtained of one of the animals, a fine bull, probably the first photograph ever taken of a wild buffalo.

Ordinarily the wild buffalo never are seen by tourists and only rarely by the park authorities, even by the rangers who patrol the most remote sections. The appearance of the new herd close to the main lines of travel was before the season opened and the animals apparently had been lured down from the mountain fastnesses by the abundance of spring grass on the lower levels. They disappeared into untraveled country as soon as automobiles became frequent along the highways.

Forty-eight calves have been added this year to the tame buffalo herd of the park, which now has a population of 140. Part of the herd has been placed in corral at Mammoth Hot Springs for the benefit of visitors.

LABOR PARTY WANTS TO RUN OWN TICKET

Chicago, Ill., July 8.—Amalgamation of radical labor organizations, world war veterans and liberals behind a single presidential ticket and platform will be sought here at the time of the conventions this month of the National Labor party and of the committee of 48, it is reported by S. I. Rypins of the committee of 48.

The plan is for each organization to continue its identity but all unite in a common presidential campaign for a radical candidate standing on a radical platform.

The organizations which effort is being made to enlist include the Labor Party of the United States, the National Non-Partisan League, Single Tax party, Committee of 48, Triple Alliance of the Northwest, People's League of Missouri, World War Veterans, and National Public Ownership.

Indeed, he so far departed from professional etiquette as to point out the rock on which they were going to be shipwrecked. However, he was mistaken. The party reached Finland, and thence proceeded to Cabs by way of Lithuania, Poland, Germany and Flanders. The channel passage was so stormy that the princess "waxed wonderful sick, both in body and mind," and they had to turn back twice from Dover. The party did not reach London until September, 1564, after ten months' traveling.—Manchester Guardian.

An Early Journey.

The king of Sweden who arrived in London on Monday, accomplished his journey from Stockholm in better time than an earlier member of the Swedish royal family, Princess Cecilia. The strong-minded daughter of King Eric IV, stipulated that anyone aspiring to her hand should promise to take her to England within a year from the wedding day, for the great desire of her life was to see Queen Elizabeth. The marriage of Baden accepted the condition, and in 1564 they were married and embarked on the voyage, an account of which is embodied in the Transactions of the Royal Historical Society. They crossed from Stockholm to Finland in a storm which caused the pilot to abandon all hope.
